Please could you accept Mr Bolger's email below as a Sect.211 Notice to undertake tree work in a Conservation Area.

[REDACTED]

I assume you will be able to confirm validation directly with him in due course.

Regards,

Mark Warwick
Tree Officer, Greenspace Team

Morning Mark,

Apologies, it's the green cross that's the fir in question. I've just notice the error.

Cheers

Nigel

Hi Mark,

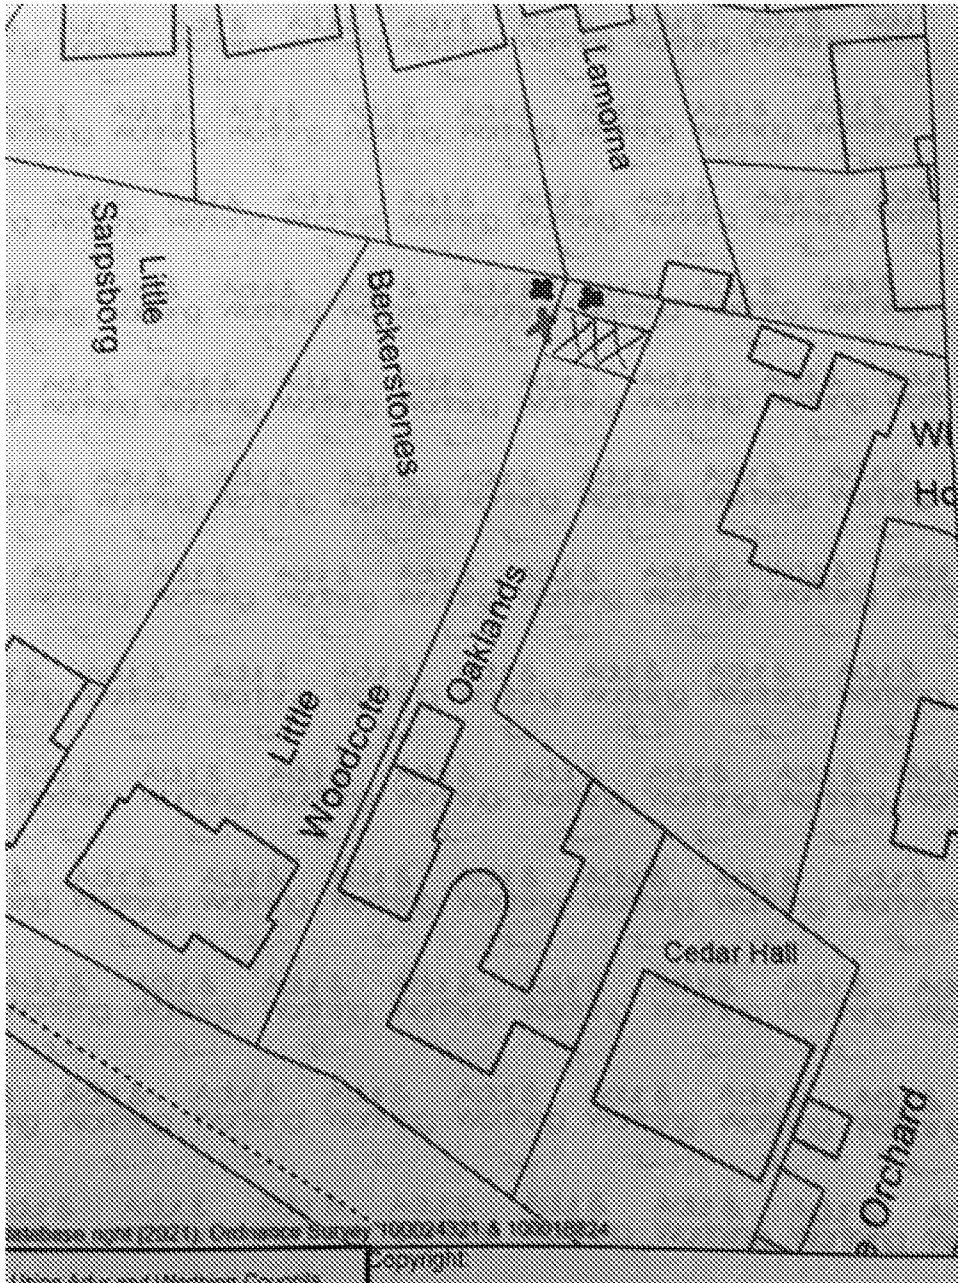

Thank you for your time this morning; it was a pleasure to meet you. I'm pleased that the Sycamore is OK for now and it's a relief to know it's safe.

Re. the fir that's growing over the property next door, I'd like to go ahead with its removal so would ask that the consent process is initiated. I've attached a couple of photos along with a simple plan. The 'red box' on the plan is next door's out building, the purple crosses are other fits and the purple cross is the tree in question.

I hope all this makes sense but please let me know if anything further is required from me.

I look forward to hearing and thank you again for this morning

Cheers

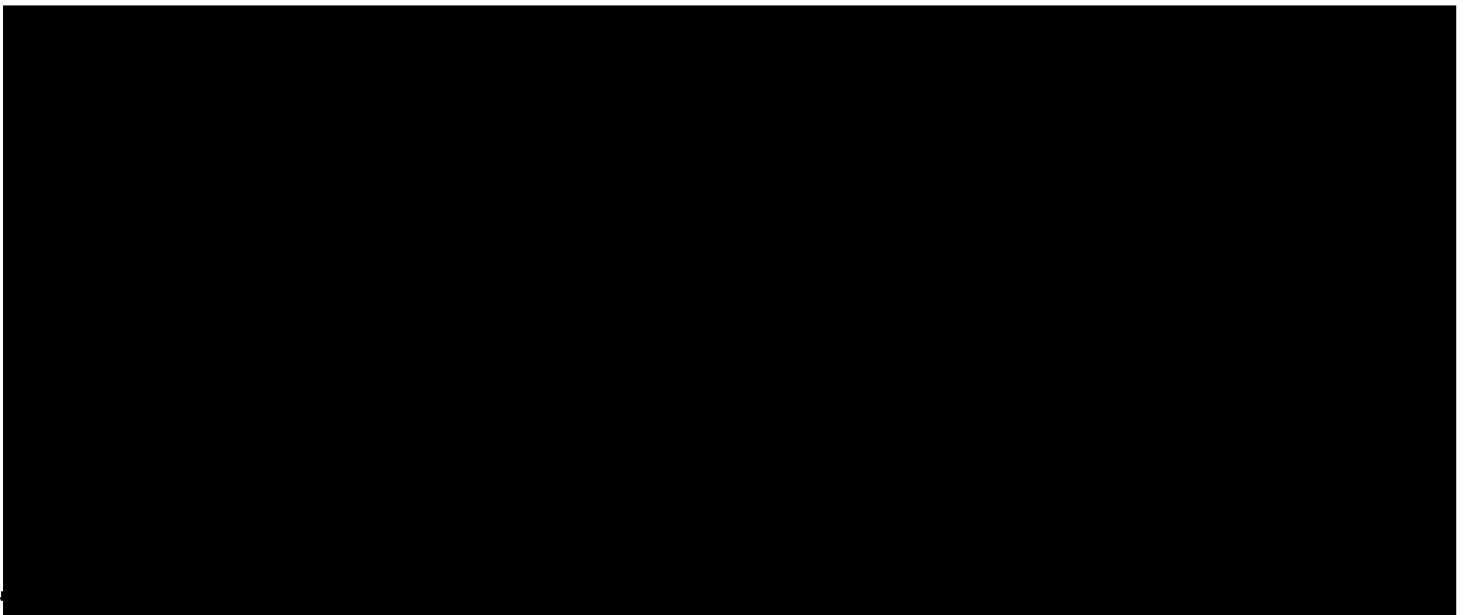

Nigel

Hi Mark,

Thanks for coming back to me, the address is:

Little Woodcote

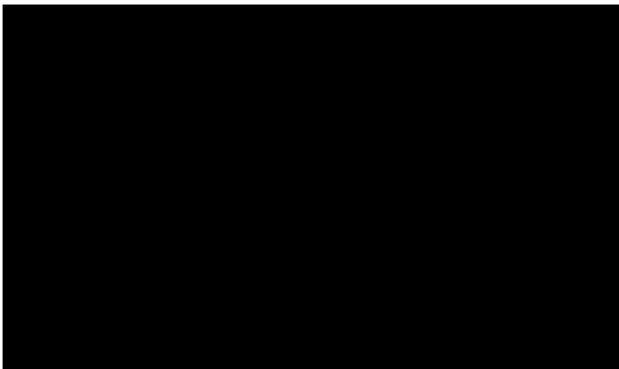

Shripney Lane

PO22 9NR

I also called this morning and left a message with reception; they advised they would advise your team so apologies if it's duplicated.

Cheers

Nigel

Dear Nigel

Thank you for your emails. I am sorry not to have responded earlier.

Please can you provide an address for the property so I can check our TPO records as a first step.

Kind regards,

Mark Warwick

Hi Mark,

I had a visit from Grahame at Tree Rangers today to look at the work I'm considering having carried out. He's requested I contact you re. a site visit and said that you will definitely want to view the tree. It's a very large Sycamore with many surrounding houses and has soft wood at the base. This wasn't the tree I called him for but it was something he spotted immediately, Re. the work he came to look at, he believes the tree in question (a fir) would be considered 'dangerous' but that you would be best to advise during the visit.

[REDACTED] based on his findings, I'd be very grateful to hear from you

Regards

Nigel

Hi Mark,

I live on Shripney Lane (PO229NR) and we're in a tree preservation area. I'm advised you're the person I need to contact re. having some work done. If correct, can you advise how I go about some deadwooding, pollarding and trimming?

Regards

Nigel Bolger
