Subject: Land at Oldlands Way - Non material amendment to BE/17/12 - Reconfiguration of the drive thru

Dear Susan,

Further to our recent application for the construction of a freestanding restaurant and subsequent reconfiguration of the drive thru, our client has reviewed the site and assessed that the best configuration for the drive thru would be the side by side option. This will allow for two cars to order at the same time and thus reduce the times needed in the drive thru lane and queuing through the site.

The revised drawing also includes the perimeter fence to be introduced.

We have completed a non-material amendment form and the necessary superseded drawings with this email and will send a cheque for £170 to cover the fee. We have submitted a new Advertisement Application to accommodate this scheme on the planning portal today.

If you have any queries, please do not hesitate to contact me.

Kind regards,

Sarah Carpenter BA (Hons) Dip TP
