

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management
Procedure) (England) Order 2015
Application for Planning Permission
DECISION NOTICE

Application Ref: BE/18/17/PL

1 To Addressee

Barton Willmore Planning
 7 Soho Square
 London

 W1D3QB

2 Site Address

Land west of New Barn Lane
 Bersted

3 Description of Development

Variation of condition 3 for approved plans & 23 for vehicular access imposed under BE/142/15/OUT. This application is a Departure from the Development Plan.

In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to compliance with the following conditions and Section 106 Agreement.

- 1 The permission hereby granted is an outline permission under s92 of the Town and Country Planning Act 1990 (as amended) and an application for the approval of the Local Planning Authority to the following matters must be made not later than the expiration of 2 years beginning with the date of this permission:-

- (a) Layout;
- (b) Scale;
- (c) Appearance;
- (d) Landscaping.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be begun either before the expiration of 3 years from the date of this permission, or before expiration of 1 year from the date of approval of the last of the reserved matters to be approved, whichever is the later.

Reason: To enable the Local Planning Authority to control the development in detail and to comply with Section 92 of the Town and Country Planning Act 1990 (as amended).

- 3 The development hereby approved shall be carried out in accordance with the following approved plans:

01084_S_02_Rev P3	Application Boundary
01084_PP_01_Rev P5	Parameter Plan: Land Use and Access
01084_PP_03 Rev P5	Parameter Plan - Green Infrastructure
01084-PP_02 Rev P5	Parameter Plan Building Heights
507-021 Rev A	Site Access
507-017	Site access refuse truck tracking - site access

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy GEN7 of the Arun District Local Plan.

- 4 No development shall take place within the area indicated until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.

Reason: The site is of archaeological significance in accordance with Arun District Local Plan Policy GEN7.

- 5 Development shall not commence until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority.

The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, the recommendations of the SUDS Manual produced by CIRIA.

Winter groundwater monitoring to establish highest annual ground water levels and Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage.

No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Council Local Plan.

- 6 Development shall not commence until full details of the maintenance and management of the SUDs system is set out in a site-specific maintenance manual and submitted to, and approved in writing, by the Local Planning Authority. The manual is to include details of financial management and arrangements for the replacement of major components at the end of the manufacturers recommended design life. Upon completed construction of the SuDs System, the owner or management company shall strictly adhere to and implement the recommendations contained within the manual.

Reason: To ensure the efficient maintenance and on going operation of the SuDs system and to ensure the best practice in line with guidance set out in 'The SuDs Manual' CIRIA publication ref: C753 Chapter 32.

- 7 The development layout shall not be agreed until such time that arrangements for the future access and maintenance of any watercourse or culvert (piped watercourse) crossing or abutting the site has been submitted and approved in writing by the Local Planning Authority.

No construction is permitted, which will restrict current and future land owners from undertaking their riparian maintenance responsibilities of any watercourse on or adjacent to the site.

Reason: To ensure that the duties and responsibilities, as required under the Land Drainage Act 1991, and amended by the Flood and Water Management Act 2010, can be fulfilled without additional impediment following the development completion.

- 8 If during development, contamination not previously identified, is found to be present at the site then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until the developer has submitted, and obtained written approval from the Local Planning Authority for, an amendment to the remediation strategy detailing how this unsuspected contamination shall be dealt with.

Reason: To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with Arun District Plan policy GEN7.

- 9 No development shall take place until there has been submitted to, and approved by, the Local Planning Authority, a landscaping scheme including details of hard and soft landscaping and details of existing trees and hedgerows to be retained, together with measures for their protection during the course of the development. The approved details of the landscaping shall be carried out in the first planting and seeding season, following the occupation of the buildings or the completion of the development, whichever is the sooner, and any trees or plants which, within a period of five years from the completion of development, die, are removed or become seriously damaged or diseased, shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent to any variation.

Reason: In the interests of amenity and of the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.

- 10 No development including site access, demolition or associated construction activities, shall take place on the site unless and until all the existing trees/bushes/hedges to be retained on the site have been protected by a fence in accordance with BS5837 (2012) and Section 9, to be approved by the Local Planning Authority for erection around each tree, group of trees and vegetation to a distance of 15m or to the Root Protection Area (RPA) as calculated in accordance with Table 2 of BS5837 (2012) to be agreed in writing by the Local Planning Authority. Within the areas so fenced off the existing ground must not be cultivated, nor must it be lowered or raised or added to by the importation and spreading of top soil unless agreed by the Local Planning authority. There must be no materials, temporary buildings, plant machinery or surplus soil shall be placed or stored thereon without prior written approval of the Local Planning Authority.

No trenching should occur within the protective fencing surrounding the Root Protection Area. If however there is no alternative but to locate the services then its encroachment into the Root Protection Area must be kept to a minimum and where the roots should be exposed using compressed air technology, such as the air spade to reduce damage caused by mechanical methods. If roots requiring severance to allow for the passage of services is necessary then an arboriculturist would be required to assess and determine whether the loss of the roots would be detrimental to the continued health and stability of the affected tree.

Reason: To ensure the retention and maintenance of trees and vegetation which is an important feature of the area in accordance with policy GEN7 of the Arun District Local Plan.

- 11 No development shall be carried out unless and until a schedule of materials and finishes and samples of such materials and finishes to be used for external walls (and roofs) of the proposed buildings have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the development.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity and in accordance with policy GEN7 of the Arun District Local Plan.

- 12 No development shall take place until a Construction Management Plan has been submitted to and approved in writing by the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters,
- the anticipated number, frequency and types of vehicles used during construction,
 - the method of access and routing of vehicles during construction,
 - the parking of vehicles by site operatives and visitors,
 - the loading and unloading of plant, materials and waste,
 - the storage of plant and materials used in construction of the development,
 - the erection and maintenance of security hoarding,
 - the provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulation Orders),
 - details of public engagement both prior to and during construction works.

Reason: In the interests of highway safety and the amenities of the area.

- 13 Prior to the commencement of development, a plan shall be submitted to the Local Planning Authority to show how the development shall be divided into phases and a phasing programme for the entire site shall be submitted in writing to the Local Planning Authority.

Reason: For the avoidance of doubt.

- 14 Prior to the commencement of construction works details of a proposed foul drainage system shall be submitted to and approved in writing by the Local Planning Authority (including details of its siting, design and subsequent management/maintenance) and no dwelling shall be occupied until works for the disposal of sewage have been fully implemented in accordance with the approved details.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Local Plan.

- 15 Prior to the commencement of construction works on each phase of the development of any preparatory works a detailed ecological enhancement scheme (which shall include the installation of bat boxes throughout the site) shall be submitted to the LPA for approval and will be based on the recommendations within the supporting ecological statement and as appropriate. All approved details shall then be implemented in full and in accordance with the agreed timings and details.

Reason: This condition is necessary to ensure the protection of wildlife and supporting habitat and secure opportunities for the enhancement of the nature conservation value of the site in line with national guidance and Policy GEN23 and GEN29 of the Arun District Local Plan (2003).

- 16 No operational or construction vehicles shall be operated on the site except between the hours of:
- 7.00 and 19.00 on Mondays to Fridays inclusive
7.00 and 13.00 on Saturday
Not at any time on Sundays or Public Holidays
- Reason: In the interests of amenity in accordance with Arun District Local Plan policies GEN7 and GEN32.
- 17 The landscape details referred to in Condition 1 shall include a landscape management plan, including long-term design objectives, management responsibilities and maintenance schedules for all landscape areas other than privately owned domestic gardens. The landscape management plan shall be implemented in accordance with the approved details.
- Reason: In the interest of amenity and the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.
- 18 No development shall take place until details of laying out, timetable for provision and future maintenance of Public Open Spaces has been submitted to and approved by the local planning authority. The layout details submitted in compliance with Condition 1 shall define the boundaries of such areas, their proposed use, the items of equipment, means of enclosure and all other structures to be installed. The development shall be carried out in accordance with the approved details.
- Reason: To ensure that the informal open space, which is considered a necessary part of the development, is provided to an acceptable standard within an agreed timescale in accordance with policies GEN7 and GEN8 of the Arun District Local Plan.
- 19 No demolition, ground clearance or vegetation clearance works shall take place within the bird nesting season (between 1 March and 31 August inclusive in any year). If such works cannot be undertaken outside of the nesting season, a nesting bird check shall be required, which should be undertaken by a suitably qualified ecologist immediately prior to the works taking place. Subsequently if any active nest sites are identified, these nests should remain undisturbed until all the young have fledged naturally.
- REASON: To minimise disturbance to nesting birds.
- 20 At least 10% of the energy supply of the development shall be secured from decentralised and renewable or low-carbon energy sources or equivalent fabric first standards that would secure a 10% reduction in energy use. Details and a timetable of how this is to be achieved, including details of physical works on site, shall be submitted to and approved in writing by the local planning authority [as a part of the reserved matters submissions required by condition 2]. The approved details shall be implemented in accordance with the approved timetable and retained as operational thereafter, unless otherwise agreed in writing by the local planning authority.
- Reason: In order to seek to achieve high levels of energy efficiency in accordance with the aims of the NPPF.

- 21 No development shall take place until a street lighting scheme has been submitted and approved in writing by the Local Planning Authority. This must comply with the Institute of Lighting Engineers Guidance Notes for the reduction of obtrusive light.
- Reason: To enable the LPA to control the development in detail in the interests of residential amenity and in accordance with GEN7 of the Arun District Local Plan and also to ensure there is no impact on Bats within the vicinity of the site.
- 22 Prior to the commencement of the development details showing the proposed location of one fire hydrant (in accordance with the West Sussex Fire and Rescue Guidance Notes) shall be submitted to and approved in writing by the Local Planning Authority in consultation with West Sussex County Council's Fire and Rescue Services. These approvals shall not be unreasonably withheld or delayed.
- Prior to the first occupation of any dwelling unit forming part of the proposed development that they will at their own expense install the fire hydrant (or in a phased programme if a large development) in the approved location to BS 750 standards and arrange for their connection to a water supply which is appropriate in terms of both pressure and volume for the purposes of fire fighting. The fire hydrant shall thereafter be maintained as part of the development by the water undertaker at the expense of the Fire and Rescue Service if adopted as part of the public mains supply (Fire Services Act 2004).
- Reason: In the interests of amenity and in accordance with policy GEN7 of the Arun District Local Plan 2003
- 23 No development shall commence until the vehicular access serving the development has been constructed in accordance with plans and details submitted to and approved in writing by the Local Planning Authority.
- Reason: In the interests of road safety.
- 24 The use of the new access shall not commence until visibility splays of 2.4 metres by 43 metres have been provided at the proposed site vehicular access onto New Barn Lane in accordance with the approved planning drawings. Once provided the splays shall thereafter be maintained and kept free of all obstructions over a height of 0.6 metre above adjoining carriageway level or as otherwise agreed.
- Reason: In the interests of road safety.
- 25 No part of the development shall be first occupied until the car parking spaces have been constructed in accordance with plans and details submitted to and approved in writing by the Local Planning Authority. These spaces shall thereafter be retained at all times for their designated use.
- Reason: To provide car-parking space for the use.

- 26 No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details submitted to and approved by the Local Planning Authority.
Reason: To provide alternative travel options to the use of the car in accordance with current sustainable transport policies.
- 27 No part of the development shall be first occupied until the road(s), footways, and casual parking areas serving the development have been constructed, surfaced and drained in accordance with plans and details to be submitted to and approved by the Local Planning Authority.
Reason: To secure satisfactory standards of access for the proposed development.
- 28 No part of the development shall be first occupied until such time as a Travel Plan Statement has been submitted to and approved in writing by the Local Planning Authority. The Travel Plan Statement shall be completed in accordance with the latest guidance and good practice documentation as published by the Department for Transport or as advised by the Highway Authority.
Reason: To encourage and promote sustainable transport.

29 INFORMATIVE

Please note that related to this permission there is an agreement under Section 106 of the Town & Country Planning Act 1990.

INFORMATIVE:

The reserved matters application will provide full details of all roads and footpaths associated with the development. In the event that neighbouring land is approved for development at some point in the future this layout must include footpath and pedestrian links right up to the boundary to ensure access.

INFORMATIVE:

If there is a requirement for security lighting during construction or proposed at any dwelling prior to installation the lighting details must be provided to and approved by the Local Planning Authority.

INFORMATIVE:

Section 59 of the 1980 Highways Act - Extra-ordinary Traffic

The applicant is advised to enter into a Section 59 Agreement under the 1980 Highways Act, to cover the increase in extraordinary traffic that would result from construction vehicles and to enable the recovery of costs of any potential damage that may result to the public highway as a direct consequence of the construction traffic. The Applicant is advised to contact the Highway Officer (01243 642105) in order to commence this process.

INFORMATIVE:

Section 278 Agreement of the 1980 Highways Act - Works within the Highway

The applicant is advised to enter into a legal agreement with West Sussex County Council, as Highway Authority, to cover the off-site highway works. The applicant is requested to contact The Implementation Team Leader (01243 642105) to commence this process. The applicant is advised that it is an offence to undertake any works within the highway prior to the agreement being in place.

INFORMATIVE:

Section 38 Agreement of the 1980 Highways Act - Provision of Adoptable Highway

The applicant is advised to enter into a legal agreement with West Sussex County Council, as Highway Authority, to cover the proposed adoptable on-site highway works. The applicant is requested to contact The Implementation Team Leader (01243 642105) to commence this process. The applicant is advised that any works commenced prior to the S38 agreement being in place are undertaken at their own risk.

INFORMATIVE:

The development shall not proceed until formal consent has been approved in writing from the Lead Local Flood Authority (WSSC) or its agent (ADC) for the discharge of any flows to watercourses, or the culverting, diversion, infilling or obstruction of any watercourse on the site.

Any discharge to a watercourse must be at a rate no greater than the pre-development run off values.

Case Officer: David Innes

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
