

Hi,

Please add the e mail below as agent correspondence.

With thanks,

David Spring B.Sc, M.Sc, M.A

Hi,

Please add the email below as agent correspondence for the above application.

With thanks,

David

Dear David,

Thank you for your email detailing additional information required by WSCC, I have also read their response in full to the consultation on line and comments to points raised in red below:

1. Clear demonstration of areas for parking of contractors There are 29no. parking spaces shown on the plan.
2. Loading and unloading area There is a red hatched area on plan shown for vehicle reversing/unloading area.
3. Demonstration of turning on site There is an in and out system in place, two access points are shown clearly on the plan.
4. Areas for storage of materials Areas for storage of materials are clearly shown on plan.
5. Wheel washing facility All site compounds have wheel washing facilities, this would be no different to previously approved on this site.

I see Kate Giddings has now confirmed support for the condition to be discharged. Please could you let me know whether you are happy with the additional clarification above.

Kind regards,

Anna

Anna Harper
Development Manager

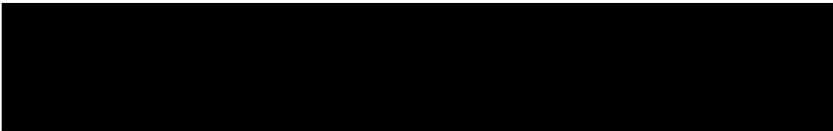

Ms Harper,

Please see email response from Highways below. Can you provide the information asked for please and I will send it to them?

‘I note the lorry turning point but it has not been demonstrated that lorries can turn within this space to exit the public highway in a forward gear. Furthermore, wheel washing has not been indicated and the turn in to the site appears to take place from opposite side of carriageway. Please could you ask the applicant to show the swept path tracking properly including the turn within the site and indicate wheel wash location.’

With thanks,

David Spring B.Sc, M.Sc, M.A
