Subject: proposed building of houses on site of old rising sun public house

Dear Miss Rawlings

Im writing to you in regards to the planning application for 7 new houses in what was the old rear garden of the rising sun public house at North Bersted ref number ;;BE/1/13/

I would like to raise an objection to the 4 houses that would back on to the rear of my house in sun park close , from what I can see, and having looked at the plans at your offices (not easy to work sizes out by the way and def not user friendly) it would appear that the side that will back on to me will be less than 3 meters from my rear fence /garden. This is far, far to close for my liking and will most probly block out most light to my house and garden, not to mention my neighbours as well . So to that end I want to object to the said application

I did try to ring you today at approx 16.45 , but if you would like to discuss it with myself then my mobile num is as follows 07815127927 , I look forward to hearing from you very soon .

Regards MR .S.POTTS

32 SUN PARK CLOSE PO21 5TY
