Dear Sirs

Reference the above address
we are next ~~door~~^{door} to the
family and strongly object
to the family wishing to build
a annex where the garage
is at the moment.

The family have 6 cars
parked outside their
home, we now park outside
because we need a space
when our son comes around
and they were parking
outside our property.

We have lived here for
43 years lovely neighbours
we all speak but keep
to ourselves never had
any trouble untill now.

We dont believe that
is a elderly lady waiting
to live there because last
time they applied it was
their daughter and husband.

Yours sincerely
