Ref: Case Number BE/23/14

Dear Mr Davis,

I am writing to show my support for the proposed change of use of the warehouse. This area is tired looking and surplus to requirement. The retail park, fast food outlets and the new Sainsbury's are a welcome addition to this side of Bognor. I do not see why the council should object to the unused, ugly warehousing being developed into something that compliments the surrounding developments. The empty warehouse is not bringing wealth or employment into the area, the proposed development would create jobs and 'smarten up' the locale.

Many thanks,

Kieron Allender
