Sc. 1:100@A3

This drawing is the property of Andrei Stegarescu and must not be copied or reproduced without written permission.

This drawing is to be read in conjunction with all relevant consultants' and/or specialist drawings and specifications.

Dimensions specified in these drawings shall take precedence over those that are scaled.

Contractors must confirm and take responsibility for all dimensions and conditions associated with the project, and this office must be notified of any deviations from the dimensions and conditions illustrated in these drawings prior to the initiation of any work.

All contractors are assumed to have acknowledged site conditions before entering into any contract.
