Service: Information request Classification: Request for information Subject: Email response requested Desc.: There is a proposal in place by Arun District Council to allow Recycle Southern Limited to extend their waste management company to include a site behind residential homes in Babsham Lane, North Bersted. This will be a huge impact on an already congested A259 but also increase the vehicle movements of HGVs up and down the lane of Babsham. The roads are already full of mud and create a traffic problem
