To Whom it may concern,

Recycle Southern have been a very respected supplier for us for many years now and are continuing to do a fantastic job with Waste Removal & Recycling.

We Find this very useful having them on board running the type of business that we do.

If the waste & recycling site wasn't to go ahead as proposed, we are almost certain that this would introduce more fly tipping in general and where would all the extra supplies go if they were not granted the extra space.

There is almost no where else in the area too for this to be replaced by and 'recycle Southern' have generally cleared up the business park for other users!

We are fully supportive and sincerely hope that this scheme can proceed.

Yours Sincerely,

Mrs M Jones
