Subject: Land At Salt Box West Of Shripney Road Bognor Regis PO22 9FP - BE/31/22/DOC

Planning Application Reference: BE/31/22/DOC

Proposal: Approval of details reserved by condition imposed under hybrid application BE/135/18/PL relating to Outline Condition Nos 17 - badger survey and 20 - noise report.

Location: Land At Salt Box West Of Shripney Road Bognor Regis PO22 9FP

Dear Katie,

Condition 20 – Noise

Having reviewed the document entitled 'Technical Note | Re: Unit 1, Saltbox, Bognor Regis. Assessment of sound emissions from plant noise to the local neighbourhood and discharge of Planning Condition 20.' (dated 23rd March 2022) [produced by Sharps Redmore], I note the environmental noise monitoring was carried out between Thursday 13th July – Friday 14th July 2017. I do not feel this measurement period represents a potential worst case scenario for background / ambient noise levels. I request that a new environmental survey is carried out to include the quietest times of the week, which would include a Sunday night time measurement period.

The assessment shall include a map to show the measurement locations. The measurement location must consider the potentially worst affected dwellings / caravans which are likely to be those closest to the proposed plant whilst furthest from the road.

Sincerely, Craig

Craig Milligan
