Subject: The Base Indoor Skatepark

Hi let me introduce my self my name is James Hampton and i am supporting the base i just want to say from me and the people in tangmere and bognor all want to say that we plead and beg you to accept the planning promotion to the base indoor skatepark. another thing is the base will solve people problems because of westskates is closing and that was the only closest indoor skatepark and unfortunately had to shut because of they could not handle to play rent anymore which is a shame and my mum can't drive over to pool as we have try'd before and it didn't go well so from me and the rest of bognor and chichester we hope the base gets open.

your senserly James Hampton
