PLANNING POLICY GUIDANCE

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

Planning application BE/22/05 granted planning permission for a side extension to the existing bungalow to create an additional bedroom and replacement bathroom. This was 4.2m in width, spanned the whole of the existing gable end (7.7m) and had the same ridge height (5.2m). These proposals were considered acceptable in 2005.

Since that time, there has been no significant change in material considerations and the planning policies in the Arun District Local Plan remain relevant. There will be no adverse impact on residential amenity or the character of the area.
