Condition 9 - I think this is an Environment Agency condition relating to potential for ground contamination to affect driven piles? Noise from driven piles may be dealt with under CoPA '74.

Condition 22 - No EH comment.

Daun,

I wouldn't have sent a response to BE/35/12/DOC - the only thing I can think of is that you got an out of office from me.

I get the consultations as part of the Admin team, but only deal with them very rarely. The response comes back from Graham Evans in EH.

Hope this helps, but please get back to me if you need any more info.
