Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: BE/37/21/HH
Site Address: 19 South Way Bersted PO21 5HB
Description of works: Removal of 3 No existing lean-to structures, erection of single storey side & rear extension, loft conversion to form new 2nd floor with roof alterations to form gable end with rear dormer projection & detached outbuilding to be used as annexe to existing dwelling.

Thank you for your internet representation made on 19th April 2021 which has been recorded as an objection with the comments as follows:

OWPC35210

The proposed design for the redevelopment work including new build annexe to 19 Southway would appear to conflict with "residential" as the proposal clearly shows an office, with a separate front entrance to the main property, which leads to a bedroom. This suggests the the property would be used for a mixture of residential/commercial when the application is for residential. The proposals would suggest that the property could be used as an HMO as per the definition on Arun District Council's website. There is no intention of installing a Kitchen, one would normally be required in a family residence. The CIL does not refer to the office under non residential floor space and therefore questions the intention of intended use of the property.

In addition to the above, South Way is on a main bus route, a busy route to the Primary and Secondary School which already provides a high volume of traffic and parking issues within South Way and Norbren Avenue. The proposed development would likely see an increase in additional vehicles in connection with the property with no proposed additional off road parking

Your views as made above will be considered before the application is determined.
