Dear Michael,

There is no mention of dust control or working hours for this application.

Please could the applicant advise measures that will be taken to ensure that dust from the stockpile does not affect local residents. This should include where they consider the nearest sensitive receptors to be.

Further, we would request a condition restricting the working hours to: 8.00am – 6pm Mondays to Fridays, 8.00am – 1pm Saturdays and no work on Sundays or Public Holidays.

I am waiting for a response from Kate Giddings in Environmental Health and will forward this to you when I receive it.

Regards

Fiona
