Subject: FW: BE/38/19/PL- reasons for refusal

Please scan and upload the email from the applicant below which confirms we have an extension of time (EoT) to determine planning application BE/38/19/PL to **7th September 2019**.

Thanks,

Michael

Michael

Further to your e-mails and our discussion, I am writing to request that the application BE/38/19/PL for a temporary soil store adjacent the Saltbox site be held in abeyance for 3 weeks (Fri 30th August). As discussed, the FRA for this application has been commissioned and Peter Brett Associates are undertaking the work. They have requested data from the EA which has a 6 week lead in time. I understand that we are in Week 4 now. Upon receipt of that data, PBA can provide us with the robust FRA that you have requested. As this is the only outstanding issue, resolution of the FRA ought then to allow this application to be determined positively. **We agree to extend the statutory period to 7th September 2019** for the moment; of course if that needs extending further we can discuss that at the time.

Clearly, if the EA is able to expedite the release of the data requested by PBA then we can make the submission sooner, and so I have copied in Suz Greenwood at EA in the hope that she might be able to assist with this.

Many thanks

Arfon
