Karen,

We have extensions of time (EoT) to determine BE/3/19/DOC and BE/1/19/DOC to Friday 5th April.

Please update the records on Ocella.

Thanks,

Michael

Thanks Michael. I am chasing on the CMP at this end.

I am happy to agree an EOT to Friday 5th April as discussed for BE/3/19/DOC and BE/1/19/DOC.

Nia,

I am awaiting your revised Construction Management Plan for BE/3/19/DOC and I am chasing up Environmental Health's response on the acoustic barriers and lighting in BE/1/19/DOC. Once I have received all of the requisite information I can discharge the two DOCs.

Michael
