Planning Application No: BE/40/18/PL

HAMIS NUMBER: 81238

Dear Mr Easton,

Thank you for your consultation of 25 April 2018 regarding the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

Having examined the above application and associated information supplied, we note that the proposed access is onto a road for which West Sussex County Council are the Highway Authority. Therefore, we recommend that they are consulted if they have not been already. We are satisfied that the development will not materially affect the safety and/or operation of the SRN and therefore we do not offer any objections or requirements relating to the proposal. Please find attached our formal HEPR response of No Objection.

If you have any queries regarding this matter, please contact us at
