Dustbin Enclosures

Planning Condition Number: 5

Condition 5 states:

“Before the buildings hereby permitted are occupied dustbin enclosures shall be provided as part of the development in accordance with detailed drawings to be submitted to and approved in writing by the Local Planning Authority, such drawings to show the siting and design thereof. Thereafter the dustbin enclosures shall be retained in their agreed positions.”

The permitted site plan shows the location of external areas for the storage of 2no wheelie bins.

Following an exchange of emails with the case officer it has been agreed that bins do not have to be sited within ‘enclosures’.

Accordingly the approved site layout plan can be used to discharge this condition.
