Dear Mr Haddon

Thank you for your email.

The copy that was scanned had not been red edged but I have arranged for the colour copy we have to be scanned, so this resolves the issue of the red edge on the location plan.

With regard to the distances to the boundary it appears that the ground floor extensions run up to the side boundary so I only require the distances from the proposed ground floor extension to the rear boundary and the distance between the proposed garage extension to the front boundary

There is no reference on your plans to a dormer but the description you wrote on the application form was 'plus rear leaded dormer window' hence the query. As you have no objection we will amend the description of the application to accurately reflect the plans and refer to it as a bay window

On receipt of the amended block plan showing the dimensions to the boundaries we will be pleased to validate your application

Yours sincerely

Nicola Spencer

You have returned the one copy of my drawings.
I phoned yesterday afternoon, but you were unavailable,

1. You state in your letter that there is no red line around the site on my location plan.

- Well There is on the copy you have sent back! - what then do you want me to do ?
2. I will put a dim of 130mm to the proposed first floor rear extension with the boundary line dividing the party wall
Please confirm that this what you require
 - 3 there is no reference to a dormer on my plans, only bay window,
I really have no objection to what you call it.
What do you want me to do with the bay window reference then?

Please phone me to discus

Regards
Nicholas Haddon
