Daniel,

I've been checking what documents were on the file and I don't seem to have copies of the following documents on file or in my email. Maybe they were sent directly to Laura or David.

Drainage Catchment Layout RAM-0500-01A-DR-CR-10002 P02,
Pavement and Kerbs Standard Details RAM-0500-01A-DR-CR-10003 P01,
Drainage Manhole Schedule RAM-0500-01A-DR-CR-10004 P02,
Surface Water Drainage Typical Details RAM-0500-01A-DR-CR-10005 P02,
Surface Water Drainage Standard details RAM-0500-01A-DR-CR-10006 P01,

Please could you send them over so I can upload them. Can you also confirm which plans and documents need to be marked as superseded.

I've attached draft copies of the decision notices for you to check. Can you also confirm if the main drainage layout includes foul drainage and that the foul drainage statement by MJA is still relevant with the updated drainage layout.

As discussed, if you have any record of any correspondence relating to Conditions 24 on flood storage or 31 Oil interceptor from the EA or Laura, please could you send over a copy.

Kind regards

Claire
