To who it may concern

The Early Childhood Service Grant has been awarded to Happytime pre-school for expanding Early Learning provision with safe, secure, free flow outdoor play in line with the Early Years Foundation Stage (EYFS). My aim for the future is to extend the outdoor facilities with a undercover canopy and child friendly fencing to allow extra area for free flow and a constant additional room for safe play and challenges.
The undercover area would be a usable area for all weathers for extended play, it will allow the children time to enjoy the environment whilst playing and exploring the activities covering the 7 areas of development. I would utilize the front garden to enhance areas of educational, therapeutic and sensory play.
