Attachments: SAB18_Eval_Rep_Saltbox_17-01-2019 2.pdf; PastedGraphic-1.tiff

Please upload the Archaeological report from the applicant which is attached to this email onto Ocella for BE/4/19/DOC.

Thanks,

Michael

Subject: Salt Box Archaeology Final Report

Morning Michael,

I am now able to submit the attached report which is the final Archaeological Evaluation Report at Salt Box. This therefore is submitted in support of both the revised Hybrid application (Application Reference: BE/135/18/L) and also the application to discharge conditions 12 of the hybrid (full) and condition 14 (outline) (Application Reference: BE/4/19/DOC) and should satisfy the archaeological matters at the site to allow the discharge of BE/4/19/DOC and for no pre-commencement archaeological condition on BE/135/18/L if that revised hybrid permission is granted in due course.

I will also forward two hard copies in the post.

Many Thanks

Regards

Nia
