Dear Joe,

We are also awaiting the comments of our Env Health Officer. Once we have them, we will be able to issue the decision. I have sent a chaser to my colleagues in EH.

Kind Regards

Simon

Hi Simon

I just wanted to check in regarding application BE/53/26/DOC for the revised external lighting details.

I note the application is currently showing a decision date of 28th September. We have our first affordable housing handovers due on 30th September, so I wanted to understand the likely timescale for determination.

I can see that Ecology have now reviewed the submission and recommended discharge of Condition 20.

Would you be able to let me know whether you are generally supportive of the revised proposals, whether there are any other consultee responses or matters still outstanding, and whether you anticipate the application being determined before 28th September?

Kind regards
