

ARUN DISTRICT COUNCIL TECHNICAL SUPPORT
16 JUL 2014
ACTION...

Janice,

Please find enclosed the two types of tile that will be used for the outside of the dormer. The first and majority will be the original roof tiles that have been removed for the velux and dormer itself and the builders have managed to find a close match at a builders reclamation to cover the ones we may be short.

June said you would let me know once these have been approved and the paperwork for the planning is back underway. My contact number should you have any queries is [REDACTED] and our email address is [REDACTED] and [REDACTED]

Thank you for all your help in processing this application successfully.

Kind Regards

[REDACTED]
