|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| BE/66/19/TC | Fell 3 No. trees within the Shripney Conservation area.                                                                                                                                  |                          |
| BE/63/09/TC | Pollard two Sycamore trees back to previous pollard points, fell one Bay tree due to damage to structure in rear garden within the Bersted Conservation Area.                            | No Objection<br>21-08-09 |
| BE/42/09/TC | Surgery to various trees                                                                                                                                                                 |                          |
| BE/21/09/TC | Remove to ground level 1 Bay tree. Thin by 10% 1 Sycamore and 2 Willow trees. Reduce height of 1 Conifer tree to previous crown height reduction (within the Bersted Conservation Area). |                          |
| BE/35/04/TC | Fell one Silver Birch and top one Sycamore Tree (Within the Bersted Conservation Area)                                                                                                   | No Objection<br>10-05-04 |

Relevant planning history noted.

**REPRESENTATIONS**

No comments from Parish Council.  
No representations from nearby occupiers.

**COMMENTS ON REPRESENTATIONS RECEIVED:**

Noted.

**CONSULTATIONS****CONSULTATION RESPONSES RECEIVED:**

Tree Officers Comments:

I undertook a desktop review on 18th May 2021, which was adequate for me to determine the aforementioned Town & Country Planning Act 1990 (as amended) s211 Notice.

I am satisfied that the works proposed are justified and should not result in character of the surrounding area being unduly diminished. While a temporary loss of aesthetic value is inevitable, satisfactory canopy renewal and recovery should occur if the work is undertaken to a high standard and at an appropriate time of year.

I raise No Objection to the works that have been applied for and see no reason to make a Tree Preservation Order in this instance.

**COMMENTS ON CONSULTATION RESPONSES:**

Comments noted.

**POLICY CONTEXT**

Outside Built-Up Area Boundary.  
Conservation Area.

**DEVELOPMENT PLAN POLICIES****PLANNING POLICY GUIDANCE:**

|      |                                     |
|------|-------------------------------------|
| NPPG | National Planning Practice Guidance |
| NPPF | National Planning Policy Framework  |

**POLICY COMMENTARY**

The above policies are general and, other than online Planning Policy Guidance under references ID 36-090-20140306 and ID 36-091-20140306, are not specific to trees.

**DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND**

Section 211(1) of the Town and Country Planning Act 1990 states:-  
'Subject to the provision of this section and Section 212, any person who, in relation to a tree to which

this section applies, does any act which might by virtue of Section 198(3)(a) be prohibited by a Tree Preservation Order shall be guilty of an offence.'

It is a defence to have provided notification to the Local Planning Authority 6 weeks in advance of any works. This is to enable the Local Planning Authority time to consider making a Tree Preservation Order.

#### OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to be weighed in the balance with the Development Plan.

#### CONCLUSIONS

Following comments from the officer it is recommended there be no objection to the works proposed.

#### HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

#### DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

#### RECOMMENDATION

##### NO OBJECTION

- 1       INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.
- 2       INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc ) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the

2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0345 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.
