Re Change of Use application Ref BE/66/18/PL. Garden Building to be used as Holiday Let.

Dear Mrs Dannatt

I am opposing this as the holiday people will use my driveway. The owners Of 1 Nye Cottages have access to a parking space at the top of my driveway this I accept, as it is on the Land Registry document. The said property has parking spaces at the front of their property so I cannot see why if they want to run a business from this property why they cannot have the inconvenience of their paying customers parking and using their Garden to access the Chalet at the rear, and not my drive.. There are at least 3 cars a week up and down my driveway plus the occupants who have dogs walking them and looking in my window. I have a vehicle and a trailer parked and quite a bit of equipment to do with my job stored on my land so I would rather not have any Tom Dick or Harry using my space.. It has also come to my attention that more than one of these Holiday makers decided to turn round in my neighbours driveway, she was not pleased I would be obliged if you can see my point of view on this matter. If permission is granted perhaps these changes could be implimented

Thanking you in anticipation

Yours sincerely

Andrew Gash
