LEGISLATIVE BACKGROUND

Section 192(2) of the Town and Country Planning Act 1990 states:-

If, on an application under this section, the local planning authority are provided with information satisfying them that the use or operations described in the application would be lawful if instituted or begun at the time of the application, they shall issue a certificate to that effect; and in any other case they shall refuse the application.

In this instance the proposed works will be assessed against the Town and Country Planning (General Permitted Development) Order 2015 (as amended).

Provided the proposed works satisfy the relevant criteria, and that no restrictive conditions to development have been imposed on the site, the proposed works will constitute Permitted Development

and would not require planning permission. If the works fail to accord with the criteria then planning permission will be required for them to take place.

CONCLUSION

Section 55 of The Town and Country Planning Act 1990 Meaning of "development" and "new development".

(1) Subject to the following provisions of this section, in this Act, except where the context otherwise requires, "development," means the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of any material change in the use of any buildings or other land.

For the purposes of this Act " building operations " includes:

- (a) demolition of buildings;
- (b) rebuilding;
- (c) structural alterations of or additions to buildings; and
- (d) other operations normally undertaken by a person carrying on business as a builder.]

(2) The following operations or uses of land shall not be taken for the purposes of this Act to involve development of the land:

- (a) the carrying out for the maintenance, improvement or other alteration of any building of works which:
 - (i) affect only the interior of the building, or
 - (ii) do not materially affect the external appearance of the building,

and are not works for making good war damage or works begun after 5th December 1968 for the alteration of a building by providing additional space in it underground;

- (b) the carrying out on land within the boundaries of a road by a highway authority of any works required for the maintenance or improvement of the road but, in the case of any such works which are not exclusively for the maintenance of the road, not including any works which may have significant adverse effects on the environment];

- (c) the carrying out by a local authority or statutory undertakers of any works for the purpose of inspecting, repairing or renewing any sewers, mains, pipes, cables or other apparatus, including the breaking open of any street or other land for that purpose;

- (d) the use of any buildings or other land within the curtilage of a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse as such;

- (e) the use of any land for the purposes of agriculture or forestry (including afforestation) and the use for any of those purposes of any building occupied together with land so used;

(f) in the case of buildings or other land which are used for a purpose of any class specified in an order made by the Secretary of State under this section, the use of the buildings or other land or, subject to the provisions of the order, of any part of the buildings or the other land, for any other purpose of the same class.

(g) the demolition of any description of building specified in a direction given by the Secretary of State to local planning authorities generally or to a particular local planning authority.]

It is considered that the proposed works would be classed as development. Due to the garage being outside the curtilage of the dwellinghouse the garage compound is not deemed to have permitted development rights thus permission can not be granted.

RECOMMENDATION

PP REQUIRED

The Arun District Council hereby certify that on 28/07/2020 the operation described in the First Schedule to this certificate in respect of the land specified in the Second Schedule to this certificate and edged in black on the plan attached to this certificate would not have been lawful within the meaning of section 192 of the Town & Country Planning Act 1990 for the following reason:

- The proposed development is outside the curtilage of the dwellinghouse and does not therefore benefit from permitted development rights granted under Schedule 2, Part 1, Class E of the Town and Country Planning (General Permitted Development) Order 2015 as amended.

FIRST SCHEDULE
