TREE REPORT

Date Report Sent: 15th August 2026
Report Number: 1552

DESCRIPTION

The Spinney, North Bersted Street, Bognor Regis, PO22 9AQ

T1. POPLAR - CROWN LIFT ABOVE ROAD: This Poplar is growing over North Bersted Street with some limbs hanging down to c.2.5m. This is too low for commercial traffic and needs to be lifted to at least 4.5-5m to enable commercial vehicles to pass under safely. Recommend a sympathetic 2-3m reduction in the north sector.

T2. POPLAR - TREE REDUCTION NEXT TO NO. 84 NORTH BERSTED STREET: There are a number of large limbs extending laterally over the neighbouring property of 84 North Bersted Street. These would benefit from a 3-4m reduction to take weight out of the end to reduce the chance of limb failure. Recommend a 3-4m reduction on the east sector of this tree.

T3. POPLAR - CROWN LIFT ABOVE ROAD: This tree is also growing over North Bersted Street and some limbs are hanging down to c.2.5m. This is too low for commercial traffic and needs to be lifted to at least 4.5-5m to enable commercial vehicles to pass under safely. Recommend a sympathetic 2-3m reduction in the west sector.

Additional Notes:

- All work is undertaken by fully trained NPTC professionals. Public Liability & Employer's Liability insurance is provided up to £5 million.
- Our trained arborists will ensure that all cuts made are clean and to high arboricultural standards and complying with BS3998:2010.
- All trade green waste removed and deposited at Stubbs Copse Woodyard near Arundel.
