Dear Julia

Thank you for the verification report which I have uploaded to the application.

With regards to materials, I have checked the document titled Materials 01 that was submitted via the Portal, and it appears to be a duplicate of the Site Set Up 01 (copies of both are attached).

Kind Regards

Nicky Moore

Dear Nicola

Thank you for your emailed letter dated the 18th of May.

I did submit a document titled Materials 01 with the application, which has details of the bricks and tiles to be used. My Client was advised that you were unable to accept physical samples at the moment. Please advise what else you require (if anything).

The Land Contamination Report is a very large document which I was unable to upload via the planning portal. I have split it into 4 smaller documents, two of which are attached to this email, the other two will follow in subsequent messages. Please could you confirm receipt of them when they arrive. If there is a problem I will have to get the company that produced the report to send it directly to you by some other means.

I trust that this satisfies your queries, please do not hesitate to get in touch if you need anything further.

With kind regards

Julia
