Good afternoon Maria

Thank you for your emails. Please find attached a revised drawing P05a showing an additional EV charging point in the garage of Dwelling A.

I did receive your email regarding the land contamination and have forwarded this to my Client to resolve. I will send through the report as soon as it is available.

With kind regards

Julia

Dear Mrs Davies,

Please see below the comments of WSCC on your application.

Condition 12 – EV Parking Facilities

The Facilities Site plan demonstrates EV Charging Point at the southern point of each dwelling. This would be acceptable for Building B. Building A should also have EV Charging point installed within the proposed garage. This detail should be demonstrated on a revised plan. Please raise the above matter regarding EV Charging for Building A and re-consult.

If you can provide required as early as possible it would be beneficial since we have to re-consult WSCC.

Kind regards

Maria
