Dear Steve,

Anna Harper has asked that you look at the landscape plan which shows the tree belt to be retained. She has said that if she has further questions, you can contact her.

This plan had already been sent to us and is in the process of being added to the web files.

Please also note that I have asked our Tree Officer to comment on the application.

Kind Regards

Hi Simon

please find my objection, as close neighbour, to this application.

My objection is on a single issue, namely their failure to mention / address / retain the substantial landscape belt on the west boundary of 350 Chichester Road which was negotiated by me with the developers right at the beginning of the development and has now become well established and is CRITICAL in ensuring that our amenities are preserved.

Would you be able to give me the contact details of the agent for the developers dealing with this so that i can discuss my concerns direct with them.

As an aside there appears to be a compound appearing next to 350 Chichester Road - a compound in this location has never been agreed as far as i am aware and certainly the developers have not approached any of the local residents about this.

Kind regards

Steve Jupp
