Michael,

Thanks, that makes it clearer.

Kind regards

Michael

Michael,

I have amended the wording of the NMA to read:

“Non-material amendment following the granting of planning permission BE/135/18/PL to adjust the dock doors (Bay 12 enlarged and Bay 13 lowered), dock levellers added at docks 1-11 and 14-23, and dock shelters shown on Unit 2; hard landscape layout amended in the yard and in the car-park serving Unit 2; and the levels adjusted to comply with the levels agreed as part of the drainage conditions for Unit 2”.

Kind regards,

Michael

Subject: RE: BE/86/20/NMA - Salt Box

Michael,

When I said landscape, I meant the landscape within the confines (and just outside) of the unit 2 demise, so the yard, car-park and other hard landscaping. So only those levels shown on drawing 1744-U02-P02-A.

The levels on the above drawing have been adjusted to suit the levels agreed as part of the drainage conditions, just to make sure the drawing submitted tallied with those discharged already.

I hope this clarifies, sorry for any misunderstanding

Kind regards

Michael

Michael,

The non-material amendment application (**BE/86/20/NMA**) which you have submitted for Salt Box includes adjustments to the landscape layout and levels, however you have not submitted any plans of the amended landscape layout or details of the revised levels.

Please could you submit the plans of the amended landscape layout and the details of the revised levels and set out an explanation as to why these changes are required.

Kind regards,

Michael
