Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: BE/86/21/PL
Site Address: Rolls Royce Technology And Logistics Centre Newlands Road Bersted PO22 9FJ
Description of works: Part change of use of existing logistics building for a training centre, and associated external alterations and landscaping. This application is within CIL Zone 4 (zero rated) as other development.

Thank you for your internet representation made on 1st July 2021 which has been recorded as support with the comments as follows:

OWPC37896

1of3 - In preparing its response to this application the Board has taken into consideration both the strategic development vision and policies as outlined in the Arun Local Plan 2011-2031 and the Arun Economic Strategy and the Bersted Parish Neighbourhood Development Plan. Furthermore, the Board endorses and promotes the established placebranding values for Bognor Regis, as follows:

BOLD - A beacon for a bold future
INNOVATIVE - Blue sky thinking
FUN - Ready for fun

The proposed training centre will be located entirely within the existing Technology and Logistics Centre, which is situated on the former Oldlands Farm site, part of the Enterprise Bognor Regis strategic employment land allocation.

This proposal provides for the applicant's training of existing and future dealership staff, bringing in domestic and international personnel. It affords an opportunity to showcase Bognor Regis to a wider audience through considered use and management of local services in the supply chain, at every stage of the proposals. The Board would therefore invite Rolls-Royce Motor Cars (RRMC) to play their part in contributing positively to the local priorities of employment, raising skills and wage levels and improving the competitiveness and sustainability of local businesses to deliver the legacy of a happy, healthy, inclusive and sustainable community.

Your views as made above will be considered before the application is determined.
