Hi Simon,

The drawing shows that the pipe bed and surround wouldn't meet our requirements. Please can the applicant ensure 150mm concrete bed and surround is provided. After this, I am happy with the proposals.

Kind Regards,

Hi Simon

I have attached a works breakdown for the surface water and drawing showing drain run including sump pit / silt trap as requested.

I hope this will be enough detail to get this section signed off.

Any problems please let me no

Many thanks
