

PLANNING DEPARTMENT
ARUN DISTRICT COUNCIL

26TH AUGUST 2014

Dear Planners,

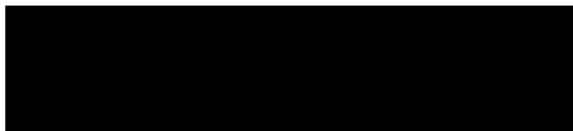

Re Planning Application at Chalcroft Nurseries

I see from the Bognor Regis Observer, dated August 21, that a Planning Application has been made on behalf of Sussex Reclaim and Supplies to trade from this site.

I would just say that I have had dealings with this business and found it to be the perfect partner to work along side the garden centre. These two businesses complement each other and it is the perfect combination for anyone planning to create or renovate a garden. It is particularly convenient for Landscapers, who can select and collect their materials in one load.

In view of this I do hope that the Council will look favourably on the Application and approve it.

Bognor needs new businesses, however small, and this is a convenient location for this one.

Isabel Hunt (Mrs)
