

101 North Bersted Street

Bognor Regis

West Sussex

1st June 2021

Dear Planning Dept

Design and Access Statement

I am applying for listed building consent to demolish the wall above the original stone and flint wall leaving the original below it. The wall is above is severely damaged and I wish to re-instate the wall to its original form, which would be low level. This would also make it easier to see oncoming traffic coming down the road, which at present we are unable to do.

Yours faithfully

Nigel Gillespie
