Hi Charlie,

Apologies as I thought I had come back on this one. I am happy to provide confirmation of agreement to the proposed extension of time and will get this registered on the system.

Many thanks,
David

Dear David, Juan,

The on-site survey on the drainage has been confirmed and booked in for 16th May. It is expected that survey data will be available the following week, so we would target submission of the data by 24th May or very shortly thereafter. I appreciate that this has been slightly delayed beyond what was hoped, however, hopefully as we now have a firm date we can plan around that.

With this in mind, I would request an extension of time up to and including the 7th June for both applications? I would be grateful if you could confirm your respective agreement to this.

Please do give me a call if you would like to discuss further or would like any additional information.

Thanks and kind regards
Charlie
