Dear Planning,

I note that in the CMP plan, the materials storage area is adjacent to the existing residential housing on New Barn Lane. Given the previous history of dust complaints relating to the adjacent building site on New Barn Lane, I would query whether storage of materials further away from existing housing may be worth consideration.

Please could Emergency Contact Details in point 24 of the CMP be updated – at present there is just a list of agencies (e.g. Police, NHS Direct) but no actual contact details. Also, St Richards Hospital in Chichester is much closer than Southampton General Hospital, so this may need to be amended aswell.

If these two points are addressed, Environmental Health has no further comments and would be satisfied that the CMP condition was discharged.

Regards

Fiona Fitzgerald
