

Peter Cleveland

At the early stages we discussed the possibility of adoption of the road (and hence highway drainage) with WSCC Highways and they confirmed that they would not adopt the road as it did not benefit the public (as you know this is not uncommon). From this point we have progressed on the basis that the road will remain private. I do not understand therefore why WSCC would need to approve the drainage. It is private drainage (from a private road) that discharges into a ditch so the only approval that should be required is from the EA.

Please can you put this back to the engineer?

Thank you.

Tim

Neil had left this with me to finalise, we were awaiting confirmation from our Engineer that we could now discharge the condition.

I have this afternoon received the attached response, are you able to advise whether or not West Sussex County Council Highways officers have agreed that the drainage design is of an adoptable standard in order for me to discharge the condition?

Kind regards,
Peter

Peter Cleveland MSc | Senior Planner, Planning Department, Arun District Council | Location: 1st Floor, Arun Civic Centre, Maltravers Road, Littlehampton, BN17 5LF

Subject: FW: Oldlands - Hanbury (nos. 3 & 6) and Bericote (no. 3) conditions

Peter,

I have just received Neil's out of office. Unfortunately Neil did not tell me he was going on leave.

I urgently need Hanbury's drainage conditions signed off following the EA's confirmation of the acceptability of the submitted details on Friday (see attached). Please can you assist?

Thank you in anticipation.

Tim
