Hi David

Further to the submission of Planting plans 2 of 2 Dwg Nos 2115-Ph2d-PP-01 Rev P2 and 2115-Ph2d-PP-02 Rev P2, I can confirm that the information supplied within these drawings does propose a well thought out and comprehensive scheme which is fitting for location. The scheme proposed does specify a good mix of trees, shrubs, groundcover, hedges and herbaceous plants at an appropriate size and planting density at time of planting. I would therefore **recommend the discharge of the soft landscape condition on application BE/96/17/DOC.**

Regards
