Subject: Springfields Chichester Road Bersted PO21 5EE - BE/97/21/PL

Planning Application Reference: BE/97/21/PL

Proposal: 1 No. dwelling. This application is a Departure from the Development Plan. This application is in CIL Zone 3 and is CIL liable as new dwelling.

Address: Springfields Chichester Road Bersted PO21 5EE

Dear Simon,

Environmental Health has no objection in principal to the above proposal' however the following matters must be considered.

Contaminated Land

Prior to commencement of the development hereby approved (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved in writing by the Local Planning Authority:

1. A Preliminary Risk Assessment which has identified: all previous (historical) uses; potential contaminants associated with those uses; a conceptual model of the site indicating sources, pathways and receptors; potentially unacceptable risks arising from contamination at the site.
2. A Site Investigation Scheme, based on (1) above to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.

3. Based on the Site Investigation Scheme and the detailed risk assessment (2), an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.
4. A Verification Report providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Note: Any changes to these components, (1) to (4) require the express written consent of the Local Planning Authority

The scheme shall be implemented as approved above and, prior to commencement of any construction work (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), a Verification Report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of that remediation shall be submitted to and approved in writing by the Local Planning Authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. The report shall also include a long-term monitoring and maintenance plan for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification report, and for the reporting of this in writing to the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031

Unexpected contamination

If during development, any visible contaminated or odorous material, (for example, asbestos containing material, stained soil, petrol / diesel / solvent odour, underground tanks or associated pipework) not previously identified, is found to be present at the site, no further development (unless otherwise expressly agreed in writing with the Local Planning Authority) shall be carried out until it has been fully investigated using suitably qualified independent consultant(s). The Local Planning Authority must be informed immediately of the nature and degree of the contamination present and a method statement detailing how the unsuspected contamination shall be dealt with must be prepared and submitted to the Local Planning Authority for approval in writing before being implemented.

If no such contaminated material is identified during the development, a statement to this effect must be submitted in writing to the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031

Construction – Small Developments

The development shall be carried out in accordance with the 'Arun District Council Construction Code of Practice: For small developments in Arun', available from:

<https://www.arun.gov.uk/download.cfm?doc=docm93ijm4n12193.pdf&ver=12201>

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

Construction hours

No demolition/construction activities shall take place other than from 08:00 hours until 18:00 hours (Monday to Friday) and from 08:00 hours until 13:00 hours (Saturday) with no noisy work on Sunday or Bank/Public Holidays.

[In addition to these hours of working the Local Planning Authority may approve in writing a schedule of activities where it is necessary to conduct works outside the hours specified in this condition]

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

Road Noise

The proposed development shall not begin until a scheme for protecting the proposed dwellings from noise from traffic on the A259 has been submitted to and approved in writing by the Local Planning Authority. Any works which form part of the scheme approved by the Local Planning Authority shall be completed before any permitted dwelling is occupied unless an alternative period is agreed in writing by the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM1 of the Adopted Arun Local Plan 2011 – 2031

Commercial use noise

The proposed development shall not begin until a scheme for protecting the proposed dwellings from nearby commercial activities has been submitted to and approved in writing by the Local Planning Authority.

Any works which form part of the scheme approved by the Local Planning Authority shall be completed before any permitted dwelling is occupied unless an alternative period is agreed in writing by the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM1 of the Adopted Arun Local Plan 2011 – 2031

External Noise Levels

Prior to the commencement of the development hereby approved, a scheme to demonstrate that the external noise levels within the curtilage of residential units will conform to the 'Design criteria for external noise' upper guideline value of 55 dB $L_{Aeq,T}$ as specified within section 7.7.3.2 of BS 8233:2014.

Guidance on sound insulation and noise reduction for proposed developments shall be submitted to and approved in writing by the Local Planning Authority. The work specified in the approved scheme shall then be carried out in accordance with the approved details prior to occupation of the premises and be retained thereafter.

Reason: To protect the amenity of local residents in accordance with Policy QE DM1 of the Adopted Arun Local Plan 2011 – 2031

Advisory - EV Charging points

To encourage the uptake of zero emission vehicles in efforts to reduce air pollution it is recommended a number of the parking spaces are installed with electric vehicle charging points. Cabling could be installed in the remainder of the parking spaces to allow for additional charging points to be installed at a later stage.

Advisory - Heating Systems

We encourage the highest practicable standards of building insulation and use of renewable forms of heating (such as ground and air source heat pumps) as opposed to natural gas boilers where possible. This action would contribute to the improvement of local air quality and reduce overall GHG emissions in the long term.

**** if any heat pumps are to be included in the development the applicant shall be required to demonstrate that any pump/s meets the criteria detailed in the Micro Certification Scheme planning standards (MCS 020).**

Thank you for your consultation
Sincerely, Craig

Craig Milligan
