Dear Nicola

Further to correspondence from Neil Crowther please see below the additional information required for work to T3-T12 in the application.

After the proposed work the approximate height and span of the poplar trees should be as follows:

T3 Height 23m-25m, span 3m
T4 height 23m-25m, span 3m
T5 height 23m-25m, span 4m
T6 height 23m-25m, span 4m
T7 height 21m-23m, span 4m
T8 height 21m-23m, span 4m
T9 height 23m-25m, span 6m
T10 height 23m-25m, span 6m
T11 height 23m-25m, span 4m
T12 height 23m-25m, span 4m

I hope that this information is sufficient for the application - please let me know if you require anything further.
With best wishes
