Subject: RE. BE/98/20/TC -Liseve Lodge 84 North Bersted Street

Dear Ms Moore
I am writing to object current plans under above reference BE/98/20/TC.
My reasons for my objections are as follows,

Reading the current reports available there is lack of information why trees T1 and T2 are unsafe and why they should be removed.

Removal of trees T1 and T2 could make future planning applications more likely to be given approval even though previous plans on this site were rejected.

Removal of these trees that have been here for many years significantly puts wildlife at risk.

A previous ecological review was carried out on this site and states clearly a array

Of wildlife which includes protected species is all types of birds which are seen at all times of the seasons. I have video and sound recordings of this.

As I have owned my property for nearly thirty years I have seen this beautiful rear view grow more wonderful as it has matured it would be stressful and upsetting to see any future planning approved in the near future!

Lastly I have enjoyed seeing bats joyfully

Come and go from the copse over the local properties late evening showing their existence is as strong as it has for many years.

Please take careful consideration to future permission proposals regarding more loss of wildlife.

Yours Sincerely

Adrian Skeites

Dear planners

My name is Mr A Skeites and I live at 7 Bramley Gardens bognor po22 9sp and I am objecting strongly to the above ref of a new dwelling!.

1. I have owned the property for nearly 30 years and I am a key bird watcher I have many pictures of wild species of birds. We have got live videos of the birds singing throughout the early morning/evenings which sounds like a bird sanctuary all of which live in the trees on the proposed development. People often comment when I'm on the phone where am I as they can hear the birds tweeting /singing which is nice.

Worryingly a new development would take this beauty from the area.

2. The trees have been growing greatly over the years we have lived here in the conservation area and folk walk there dogs and enjoy the beauty of the different trees daily.

We have noticed that some trees have been cut down over the past 2 years which upsets me!

3. The outbuildings ie brick/stone have already been extended as you will be aware of and looks ok to the eye as it's listed building and historical any demolition to this would ruin the setting to the land.

4. The new dwelling would block our light and be evasive

to mine and two other neighbours which we have enjoyed for many years!

5. Lastly any groundworks/piling could cause settlement and issues to all of the property's at Bramley Gardens as the land sits in a pocket just below our boundaries.

If you want to see my videos/pics please do not hesitate to see them!

I sincerely hope you consider these objections above and refuse the proposed dwelling.

Yours Sincerely

Adrian Skeites
