| <b>S106 CONTRIBUTION TOTAL:</b> | n/a                                                                                                                                                                                                                    |

For the purpose of the EIA Scoping, WSCC in their role as Local Highway Authority, have no comments to make. As referenced within the EIA Scoping, the highways and transport implications of the development are being considered through a Transport Assessment that will feed into the EIA. The scope of the TA is under separate discussion with WSCC.
