Our Ref: BN/102/21/DOC

Dear Mr Lack,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015
Approval of details reserved by condition imposed under BN/69/16/PL relating to condition 10-schedule of materials and finishes.
Land East Of Toll Cottage Lake Lane Barnham PO22 0AD

Notification regarding the above application:

Condition Number 10

No development above damp proof course (DPC) level shall take place unless and until a schedule of materials and finishes and samples of such materials and finishes to be used for external walls and roofs of the proposed buildings have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the buildings.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a development of visual quality in accordance with policy GEN7 of the Arun District Local Plan.

Decision:

Arun District Council have decided to **APPROVE details reserved by this condition**

Details of the materials and external finishes of the buildings were previously approved by BN/52/18/DOC and then again by BN/71/21/DOC. However, it is understood you are having issues securing certain materials. You are seeking approval to instead use the Weinerberger Maplehurst Light Multi Stock as the main brick for plot 1 and the Weinerberger Olde Cheshire Red Multi as the main brick for plot 5.

Although the materials are different, it is considered that the replacement bricks are an acceptable substitute having regard to the character & appearance of surrounding development. Therefore this condition is re-discharged in accordance with the submitted External Material Schedule dated 02/08/21 and on the understanding that the scheme will be implemented in accordance with the approved details.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
