Hi Nicola,

Thank you for your response to the TPO planning application I submitted recently. I wanted to address the queries raised via email as re-submitting the application is not necessary and wouldn't help.

Please find included a snip of the supporting locational map that shows that T9 and T7 on the plan as submitted. The tree numbers that relate directly to the Arun TPO numbers are shown in blue. The numbers in black are a separate numbering system. The plan, as submitted is attached to this email for reference.

Please could you confirm that the information submitted is sufficient to validate the application?

Kind regards,

Stefan
