Dear Sir/Madam,

Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: BN/11/22/OUT

Site Address: Barnham, Eastergate, Westergate BEW Parcel SC1 Barnham

Description of works: Outline application with all matters reserved (except for the A29 Realignment) for the demolition of existing structures and mixed use development to provide up to 1,250 residential dwellings (Use Class C3), Care Home/Senior Living Accommodation (Use Class C2/C3), flexible retail and community floorspace (Use Classes E/F2/Sui Generis), a Primary School plus open space, landscaping, drainage and all other associated ancillary works; and realignment of the A29 and early connection to existing A29 including construction of a new road carriageway, junctions and associated infrastructure. This application also lies within the parish of Aldingbourne, affects the setting of listed buildings, affects the character & appearance of the Eastergate Church Lane Conservation Area and affects a Public Right of Way. This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 3rd March 2022 which has been recorded as an objection with the comments as follows:

OWPC44874

On review of parameter plan 00605 i have the following objections ;

1) Proposed pedestrian / cycle path boarding the side of my property will impact on the peace , privacy and security of my property where no previous path or right of way existed .

The access point which potentially will be the front of my drive could hinder access to my property and be dangerous .

2) The East West access road looks as though you may be planning on linking to Gospond Road . This is a small residential road that would not be suitable a link road or be able to sustain any additional traffic .

3) This development on green fields will also be detriment to the countryside and environment . Barnham has been so heavily developed over the past few years and will no longer be a village if keep going ahead and building on all the fields . This land should be valued as precious to the environment

4) The overall development also has no additional provisions for a larger doctors surgery which is already struggling to cope with the current population without adding another 1250 houses .

Your views as made above will be considered before the application is determined.
