Dear Sirs

Planning App: B0111/22/001.

Ve: above. We strongly object to the above for the following reasons -
Due to the instability around the world, all major developments should be put on hold.

In this area, where sewage treatment, water supplies, dentists + hospital beds are struggling, caused by already over-population.

Our country needs to retain all productive farm land, to help our nation to be more self-reliant with food production.

We also have in this area a very high water table, so every field etc are needed to retain excess water.

Lastly, all areas of brown field etc
